Natural & Plant-Based Ingredients

Our soap cartridges are formulated with high-quality vegetal ingredients from sustainable sources. They are perfect for frequent use, cleaning effectively while protecting skin health.

Biodegradable & Hypoallergenic

Safe for People • Safe for the Planet

Designed for even the most sensitive skin. Our formulas are hypoallergenic and fully biodegradable—breaking down naturally without leaving harmful residues.

Ecolabel Certified Excellence

Trusted • Verified • Responsible

We proudly offer two EU Ecolabel-certified soap cartridges, meeting stringent environmental and performance standards. A clear signal of quality and sustainability to your clients.

Why choose soap cartridges?

Improved Hygiene & Safety

- Cartridges are sealed, reducing the risk of contamination from air, touch, or improper handling
- No exposure to open containers or shared refill stations

Time-Saving & Easy to Replace

- Quickly replaced with no mess or complex handling
- Reduced maintenance time for janitorial staff

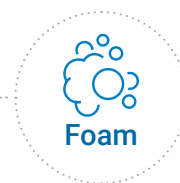

Less waste, less costs

- The complete retraction of empty cartridges means a minimum volume of waste
- Cartridges are made in recyclable PE

Ecolabel certified SOAP

Elevate your sustainability standards with our Ecolabel certified soap. Designed for businesses that care, it offers effective cleaning with environmentally responsible ingredients. Certified for eco-friendly performance, it's ideal for offices, hotels, and industries looking to reduce their environmental impact while maintaining top-quality hygiene. Perfect for your business and the planet!

These soap cartridges make for the perfect product offer together with our sustainable soap dispensers made with recycled materials or in stainless steel.
